Suggestion – We keep to improve Brainstorm Generator

We know the market keeps changing. Without proper upgrade and adjustment, we cannot get the edge to outperform our competitors.

Peter and I run BG every day (sorry…every hour) to find keywords. We believe “right keyword” is the most important point to get success in Adsense or Yahoo (YPN) publishing. Even tough we use it everyday and get a lot of new ideas about how to upgrade it; we love to hear your feedback.

If you have any idea, please submit your message to our Help Desk http://www.myinstantssupport.com. We are waiting to listen to you.
