

## **Selecting Your Undergraduate Degree Program - Top Five Questions That You Should Ask**

We need not have to emphasize here the importance of selecting the right undergraduate degree programs. You will be very much aware of the fact that the choices you make here and now will have lasting impact on your career and your life in general. Given all these factors, you have a huge burden on your head when you are selecting your undergraduate degree program. You will have to ask few crucial questions and find satisfactory answers for those questions to ensure that you are on the right track while you are selecting your bachelor's degree program.

### **1. Does the degree program offer good job opportunities in general?**

All the efforts that we take to educate ourselves are 99% to make ourselves employable. There may be other interests besides career goals for people in joining an undergraduate degree program but that is just 1%. After completing your course, you should be employable. The courses you are selecting should offer evergreen opportunities and should have long term value. Certain fields have only short term popularity and you should avoid such programs because by the time you complete your course, which will be anywhere between three to four years, you may not find suitable jobs.

### **2. Does it have growth opportunities in the future?**

It is not enough that the courses you select offer good opportunities now but should also have good value in future.

### **3. Does the course that I am planning to join match my aptitude?**

Your course should be in some way match your aptitude. Do not enroll for any course if you dislike them.

### **4. Are the courses that I want to take available in the top universities?**

You may want to take up a course but it may not be available in top universities. It is not just your bachelor's degree that is important but also the university in which you have done your course matter.

### **5. Does the university in which I want to enroll offer accredited programs?**

At times, the courses that you want to join may be offered by top universities but your particular course may not be one of the accredited programs of the university, you must select only accredited degree programs.
